IN RE: Application of NOS Communications, Inc. for	)	ORDER GRANTING
Approval of Flexible Regulation of its Local	)	FLEXIBLE
Exchange Services.	)	REGULATION

This matter comes before the Public Service Commission of South Carolina (the Commission) on the Application of NOS Communications, Inc. (NOS or the Company) for approval of flexible regulation of its local exchange services. A review of the record reveals that NOS was granted authority to provide resold local exchange service within the State of South Carolina by Commission Order No. 92-213, dated March 24, 1992, in Docket No. 91-617-C.

Upon the Commission's receipt of NOS's Application and pursuant to the instructions of the Commission's Executive Director, the matter was published in the Commission's subscription service. No Protests or Petitions to Intervene were received. We will therefore proceed to dispose of the matter summarily.

By its Application, NOS requests that the Commission regulate its local telecommunications services in accordance with the principles and procedures established for flexible regulation by Commission Order No. 98-165 in Docket No. 97-467-C.<sup>1</sup> Further, NOS requests that the Commission adopt a rate structure that incorporates maximum rate levels for its local exchange service offerings while providing

the flexibility to make adjustments below the maximum rate levels in keeping with the procedures established for flexible regulation in Order No. 98-165 in Docket No. 97-467-C.

NOS specifically requests that its local exchange tariff filings be presumed valid upon filing, subject to the Commission's right within thirty (30) days to institute an investigation of the tariff filing, in which case such tariff filings would be suspended pending further order of the Commission. NOS also requests that any tariff filings will be subject to the same monitoring process as similarly situated competitive local exchange carriers.

Flexible regulation of local exchange services has been frequently approved by this Commission to promote competition in the telecommunications industry in South Carolina. We find that flexible regulation will continue to promote competition in the telecommunications industry in South Carolina. Accordingly, we approve NOS's request for flexible regulation.

IT IS THEREFORE ORDERED:

1. That NOS Communications, Inc.'s local telecommunications services shall be regulated in accordance with the principles and procedures established for flexible regulation first granted to NewSouth Communications by Order No. 98-165 in Docket No. 97-467-C. Specifically, the Commission adopts for NOS Communications, Inc.'s competitive intrastate local exchange services a rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels that will have been previously approved by the Commission.

2. That NOS Communications, Inc.'s local exchange service tariff filings are presumed valid upon filing, subject to the Commission's right within thirty (30) days to institute an investigation of the tariff filing, in which case the tariff filing would be suspended pending further Order of the Commission. Further, any such tariff filings will be subject to the same monitoring process as similarly situated competitive local exchange carriers.

3. This Order shall remain in full force and effect until further Order of the Commission.
